Jackson's topology and continuity of extension operators

By

Alexander Goncharov
(Bilkent)

Abstract: We consider Jackson's topology in the spaces of infinitely differentiable functions. After that, we discuss the continuity of the Pawlucki-Plesniak extension operator in the spaces of Whitney functions defined on compact sets without Markov's property.

Date: Wednesday, October 6, 2021

Time: 18:00-19:00, GMT+3.

Place: ZOOM
