ODTU-Bilkent Algebraic Geometry

Stability conditions on K3 surfaces

By

Emre Coşkun
(ODTÜ)

Abstract: Stability conditions have been a topic of intense research in recent years. The present talk will review briefly their definition and basic properties as well as the existence of stability conditions on curves, and outline the construction of stability conditions on a K3 surface.

Date: 14 March 2025, Friday
Time: 15:40 (GMT+3)
Place: Zoom
